

FORMOSA CAKE DEAD NOW 3045; MANY HOMELESS

WATER SHORTAGE IS THREATENING STRICKEN AREA

Japanese Destroyers Rushing Supplies And Doctors

Copyright, 1935, by The Associated Press.

Taihu, Formosa, April 23. (Tuesday)—A Japanese destroyer laden with doctors and supplies was speeding from Mako naval base today to the stricken Formosa area where 30,000 homeless survivors of Sunday's disaster were plagued with parching thirst through destruction of water sources.

The death toll grew meanwhile to 3,045 (announced officially in Tokyo by the Renzo News Agency at 3:15 a. m.) as casualties among the injured and belated reports from inaccessible districts raised the total.

The shortage of water assumed grave proportions. Virtually all pipelines and water reservoirs had been wrecked by the shocks which laid waste to 2,000 square miles of this beautiful island off the coast of China early Sunday morning.

Insanity among bereaved parents and children and injured sufferers began to be noticed by relief workers with more frequency. A scorching tropical sun beat down all day yesterday on the misery-torn survivors, inflicting new suffering. Thousands stumbled with parched and swollen tongues among the ruins of their cities, seeking water.

The Japanese government sent 50 relief parties with doctors, water and food to the stricken districts in the northwestern section of the island where the quake damage was worst.

Carrier pigeons brought the news that relief was on the way, bolstering survivors with new hope. The pigeons were the only means of quick communication available. The Japanese army battalion stationed at Taihu cooperated in the relief.

Man Claims He Has Reformed; Gets Promotion

Charles Beebout Had Received Five Year Sentence For Automobile Theft

Springfield, Ill., April 22.—(AP)—Charles Beebout, 23, former resident of Peoria and Pekin, today was granted probation after a five-year prison term had been ordered and then suspended by U. S. District Judge J. Earl Major.

Beebout had been charged with an automobile theft in 1931 and at that time the sentence was suspended and probation granted. He violated his probation and was arrested.

He escaped from the detention room in the federal building a little more than a year ago while awaiting a hearing.

His whereabouts remained unknown until recently when he was arrested by Loganport, Ind., police.

Upon his return here, Beebout again asked probation, claiming he had reformed since his escape. Federal officials checked his story and received a favorable report from Indiana.

Judge Major warned Beebout that any violation of his probation would result in immediate imprisonment.

LONG LAMBASTS ICKES-HOPKINS IN U. S. SENATE

Says Louisiana May Secede From Tax Paying Union

By Richard L. Turner Associated Press Staff Writer

Washington, April 22.—(AP)—Senator Long of Louisiana today dug a bristling array of adjectives from an explosive vocabulary, hurled them broadside at his administration critics and added a threat that Louisiana will secede from the tax-paying union—"If they don't watch out."

Casting aside such restraints as have characterized his recent speeches, he laid down the principle, with appropriate rhetorical embellishments, that the state authorities not Washington officials must have the final say on expenditures increasing the debts of Louisiana's municipalities.

He delighted a huge throng of Eastern visitors, with a return to his characteristically emphatic manner of oratory—eyes and head rolling, twisty forelock askew, arms lurching the atmosphere.

Secretary Ickes, who last week referred to him as one afflicted with "hallucinations of the intellect" was lambasted by Long today as "the chinch bug from Chicago" and the "Lord High Chamberlain" of the administration.

Others of his cabinet peevish were not neglected. He attributed "royal prerogatives" to "Prime Minister" James Aloysius Farley—emphasis upon the middle name—and "Henry Almighty Wallace, whom he called 'the ignoramus from Iowa.'"

Later he lumped all administration heads together in an assertion that "if there is proof of honesty" among administrative boards they are "dismissed."

Meanwhile, the political pan-splattered over other fires. At Atlanta, Governor Eugene Talmadge bluntly asserted it would be a "national calamity" if President Roosevelt were to be renominated by the democratic party next year.

Dr. F. E. Townsend, originator of the old age pension plan that bears his name, outright refused to join forces with Long at a meeting intended to unite their forces and those of the Rev. Charles E. Coughlin, the radio commentator.

Pan-American Clipper Hops Off For Home

19-Ton Flying Boat Gets Into Air With The Greatest Of Ease

Honolulu, April 22.—(AP)—Flying through a rainbow, the trail blazing clipper hopped from Pearl Harbor here today at 3:29 P. M. (8:59 P. M. eastern standard time) on its return flight to California.

The 19-ton flying boat got into the air with ease and Pan-American Airways officials announced its destination was Alameda.

It flew here last Wednesday from the California city in 17 hours and 45 minutes on an experimental flight to establish passenger and transport service to the Orient.

Water boiled from the hull and sunshine gleamed on the Clipper's giant wing as the plane lifted from the choppy harbor waters after a 15-second run.

Climbing slowly, the plane banked over Luke field, army air base on Ford island, then climbed gradually until it completed a full circle.

As the Clipper swept along the Ocean front she flew directly through a low rainbow arching between the cane fields adjacent to Pearl harbor and the city.

A siren shrieked in the Aloha tower on the waterfront as the Clipper passed over Honolulu. Residents rushed out to watch the start of the 2,400-mile flight to California.

Passing over Waikiki beach, the plane then rounded Diamond head and soon afterwards turned its nose toward its distant goal.

Phyllis Stewart Obtains Divorce

Chicago, April 22.—(AP)—Mrs. Phyllis Stewart, 35, today won an uncontested divorce in superior court from Robert Griffin Stewart, 46, former official of the Standard Oil Company of New Jersey and son of Col. Robert W. Stewart, former chairman of the board of the Standard Oil Company of Indiana.

In a brief hearing before Judge Francis B. Allegretti, Mrs. Stewart testified a settlement of \$250,000, to be paid within 10 years, and monthly alimony of \$750 to be paid until she remarries or until the larger sum is settled, had been agreed upon.

She testified they were married Nov. 22, 1922, and that Stewart deserted her Feb. 1, 1934. There are no children.

The Old Hickory Four-H club will meet Wednesday, April 24 at the Pleasant View school.

Stelle and Barrett Have Presented Complaints To Governor Henry Horner

Turning to Stone as Victim No. 29

Springfield, Ill., April 22.—(AP)—State Treasurer John Stelle and Auditor Edward J. Barrett today presented in detail to Governor Henry Horner their complaints against the business methods of the Illinois emergency relief commission.

The two state officers, who are ex-officio members of the commission, declined, after the conference, to amplify their recent statements in which they said the business affairs of the IERC are conducted in a slipshod manner.

The commission recently relieved the two of all financial responsibility in connection with its affairs after they had demanded such action unless they were given greater authority in the disbursement of relief monies.

Robert J. Dunham, chairman of the commission, was in Springfield today but did not attend the conference.

The chairman said he was not here to lobby in behalf of any particular relief bill before the legislature; that he had come to the capital to be present at this week's session of the assembly in the hope that he might aid it in reaching a solution of the present deadlock.

"I can not sit idly by," he said, "and wait for the April 30 deadline (when all present relief funds will be exhausted) without trying to do something to avert that crisis."

Federal funds, as well as state relief monies, will be exhausted April 30 and Harry L. Hopkins, the federal relief administrator, has declared that he will not provide additional monies for Illinois until the legislature has made arrangements to furnish \$3,000,000 monthly.

Prior to leaving his office, the president, at a conference with Robert Fechner, director of the Civilian Conservation Corps, approved distribution of the 600,000 men who will make-up the expanded CCC.

The threat of a repetition of last year's drought, coupled with ravages of dust storms in the middle west, was said to be responsible for the decision to increase the number of men engaged in such activities from 42,000 to 116,000.

SENATE OPENS HEARINGS ON BONUS ISSUE

Harrison Compromise Bill Is Favored By Roosevelt

By Nathan Robertson Associated Press Staff Writer

Washington, April 22.—(AP)—Assertions that only the Harrison bonus compromise would meet two essentials—acceptance by President Roosevelt and avoidance of new taxes—today were flung by administration spokesmen at veteran demands for full cash payment of service certificates.

They were heard as the senate finance committee opened a two-day schedule of hearings on the bonus issue with veteran leaders ignoring threats of a veto to urge approval of the Patman currency-expansion payment bill already passed by the house.

Despite Mr. Roosevelt's repeated warnings that "extra-budget expenditures must be accompanied by new revenue, Chairman Harrison cited to newsmen the \$130,000,000 already available in federal funds for payment of the certificates and the recent increased tax collections. Then he added:

"I feel that my bill would not now call for an immediate raise in taxes."

The Harrison bill would advance the interest-bearing period of the bonus certificates from 1925 to 1918 and on that new value offer to exchange negotiable government bonds for them. The Patman plan would pay the full to cost \$1,000,000,000 more than his compromise.

That Democratic strategy will be to hold out the Harrison bill as the best that can be passed in view of President Roosevelt's opposition to full cash payment also was emphasized at the hearings by Senator Bailey (D. N. C.).

CCC FORCES TO BE TRIPLED BY ROOSEVELT

Entire Work - Relief Program Nearly Completed

By Thomas J. Hamilton, Jr. Associated Press Staff Writer

Washington, April 22.—(AP)—Endorsement by President Roosevelt of a tripling of the Civilian Conservation Corps forces, engaged in combatting dust-breeding soil erosion tonight placed a new cog in his \$4,000,000,000 spending machine.

Approval of the move followed indirect word from the president that before the week is out he will unfold the entire administrative set-up of his big work-relief program.

Retiring from his desk in the executive offices, Mr. Roosevelt spent virtually the entire afternoon immersed in reports, recommendations and factual data pertaining to the works plan. He is not expected, however, to throw the spending machine into high for a month or longer.

It was said at the White House, nevertheless, that plans for division of responsibility among a number of government agencies, with the president closely supervising, had been completed.

Prior to leaving his office, the president, at a conference with Robert Fechner, director of the Civilian Conservation Corps, approved distribution of the 600,000 men who will make-up the expanded CCC.

The threat of a repetition of last year's drought, coupled with ravages of dust storms in the middle west, was said to be responsible for the decision to increase the number of men engaged in such activities from 42,000 to 116,000.

NRA EXTENSION MEASURE MAY BE REWRITTEN

May Limit It Strictly To Interstate Business

By Clarence M. Wright. (Copyright, 1935, by the Associated Press.)

Washington, April 22.—(AP)—A strong movement to rewrite completely the administration's NRA extension bill, limiting it strictly to interstate business, was disclosed today from within the House ways and means committee.

The objects of the revision, it was stated privately by leading members of the committee, would be to minimize the Blue Eagle's effect on the little man and to answer assertions that the law was creating monopolies.

The committee has not yet officially taken up the bill. It was reported, however, that in private preliminary discussions, some of its most influential Democratic members had expressed their desire to strike from the measure language which might be interpreted as giving the NRA strong power over intra-state business.

Representative Sam Hill (D., Wash.), acting ways and means committee chairman in the temporary absence of Representative Doughton (D., N. C.), said the committee probably would meet late this week to determine when it would begin consideration.

He declined, however, to predict what changes might be made in the bill as it was presented to Congress by administration officials.

Collect Millions In Federal Taxes

Chicago, April 22.—(AP)—Federal taxes collected in the first three months of 1935 totaled \$40,778,899, in the first Illinois district, an increase of about 30 percent, Carter H. Harman, collector of internal revenue, announced today.

Comparative figures of collections up April 1 showed:

	1934	1935
Income	\$17,318,167	\$24,244,301
Processing	3,867,091	8,359,012
Miscellaneous	6,310,759	7,195,586
Totals	\$27,496,018	\$40,778,899
Increase—\$13,282,881.		

SPEED UP SCHEDULES

Chicago, April 22.—(AP)—The Chicago and Northwestern Railway today announced that effective next Sunday the train "400" will make the 408.6 mile run to St. Paul in 390 minutes, half an hour faster than the present schedule.

The new running times for a dozen New York Central lines trains between here and New York will also go into effect Sunday, the road announced, leading the parade between the two cities will be the Twentieth Century Limited and a 17-hour schedule, the fastest a regular service train has ever been run between the two cities.

BUSINESS FAILURES

New York, April 22.—(AP)—After rising steadily since the first of the month the trend of business failures turned downward last week, said Dun & Bradstreet today. In this period there were 253 defaults compared with 271 in the preceding week and 265 in the like week last year.

2253 Italian Couples Accept Fascist Offer

Rome, April 22.—(AP)—The black-shirt fascist party turned coup today and married off 2253 Italian couples in another annual mass wedding celebration by offering to anyone who would get married enough money for a honeymoon.

It was rather costly for the party. Donations of 500 lire (about \$42) to each couple from the city and province who would take the matrimonial plunge mounted up to the equivalent of almost \$85,000.

It was a part of Premier Mussolini's plan to get more husbands for more women, providing more babies and a bigger population for Italy. Increased numerical race strength is one of his fascist cornerstones.

At some churches six couples were married at once.

Cleveland Firm Will Furnish 2 Cities Gas

Mr. Vernon And Centralia Accept Proposal Of Ohio Concern

Centralia, Ill., April 22.—(AP)—Citizens of Mt. Vernon and Centralia, angered by a strike that has deprived four southern Illinois towns of gas, voted unanimously here tonight to accept a proposal of a Cleveland, O., concern to take over the gas plant of the Illinois Power and Light corporation and operate it until the labor controversy is settled.

At a conference, the civic representatives voted to accept the offer of W. E. Steinwedell, president of the Cleveland Gas Machinery company, which he telegraphed to Mayor John McNeill of Centralia, and Mayor Edgar Miller of Mt. Vernon, today.

The following committee was appointed to confer tomorrow with Mr. Steinwedell, and John H. Mitchell, East St. Louis, Ill., southern Illinois district manager of the utility concern.

Dr. W. A. Stoker, Dr. W. D. Richardson and Paul Pfeiffer of Centralia, and A. B. Compton, Curtis Williams and John Hoffman of Mt. Vernon.

The conference will be held if feasible. If not it will be held in St. Louis.

MILLIONS UNEMPLOYED

New York, April 22.—(AP)—The total number of unemployed workers in March was 9,760,000, according to the monthly report of the National Industrial Conference Board. This is a decrease of 125,000, or 1.3 percent over March, 1934.

Mrs. J. B. Hitt and Miss Bessie Orrick of Kirkwood, Missouri, were visitors in the city Sunday.

BEING HELD FOR DEATH OF RIVAL MINER SUNDAY

Has "Fairly Severe" Neck Wound; Will Not Talk

Springfield, Ill., April 22.—(AP)—Wounded and charged with murder, State President Ray Edmundson of the United Mine Workers of America was held in jail tonight for the death of a rival miner in Springfield's Easter Sunday riot.

No statement was made by the labor official as he was brought back to Springfield from Taylorville, where he was secretly held in a hospital after surrendering to the sheriff last night. He had a "fairly severe neck wound."

Edmundson, who has taken a leading part in his union's struggle with the rival Progressive Miners of America for labor supremacy in the Illinois coal fields, is charged with the murder of Edris Mable, Progressive organizer, in a gun battle in which ten were wounded.

He was brought to the back entrance of the jail and hurried to a cell. Already under arrest, charged with murder, are two men alleged to have been with Edmundson in his automobile when the riot broke out in front of the local Progressive headquarters.

William Furlow of Alton, his neck bandaged where he had been cut by flying glass, surrendered to police this morning and refused to talk. It was reported he had been with Edmundson at Taylorville.

The third prisoner is Fred Thomason of Springfield, identified as a former member of the old Birger gang under the name of Thomason. Thomason, slightly wounded, was taken into custody soon after the riot.

Edmundson refused to discuss the riot with Chief of Police C. F. Nues and other officers who went to Taylorville, saying he wanted to confer with an attorney.

State's Attorney Alfred H. Greening planned to question the provisional president of the U. M. W. A. district, who was given the position less than three months ago by International President John L. Lewis.

Following the riot, Edmundson went to the Taylorville hospital for treatment and surrendered to Sheriff Ed Marvel, who placed him under guard. Marvel notified the sheriff's office here, but deputies refused to announce it.

Local officials of the Progressive union made further plans to picket the Peabody Coal Company's Woodside mine Thursday morning and another clash was feared. The mine employs members of Edmundson's union.

The picketing decision was reached at an Easter mass meeting, which had adjourned just before the shooting. Speaking for the Progressives, President William Keck at Gillespie urged enactment of legislation to let workers choose their own unions through local referenda. Sponsored by Keck's organization but opposed by the United Mine Workers, "choose-your-own-union" bills are pending before the legislature.

Keck condemned the shooting as "unfortunate and barbaric" and asked that speedy justice be done.

Hope was expressed that Arthur Gramlich, another Progressive, would recover from wounds. The other persons suffered superficial wounds in the gunfire.

Mae West Denies She Was Married To Frank Wallace

Hollywood, Cal., April 22.—(AP)—The only actor named Wallace recalled by Mae West, she said today, was "a gent who played in one of my shows, but I didn't know his front name, I wasn't married to him and I was a school girl in 1911."

This was her further answer to a newly-found Milwaukee marriage certificate, dated April 11, 1911, in which Frank Wallace, 21, actor, was recorded as married on that date to Mae West, 18, actress, of Brooklyn, N. Y.

"What nut is pulling this on me, anyway?" inquired the stage and screen portrayal of "gay nineties" roles, when asked if she was the Milwaukee bride. "Back in January, a woman called me up and told me she was my mother. But my mother died several years ago and my father a few months ago. Is that some ham looking for publicity?"

ELECT CHAIRMAN

Pekin, Ill., April 22.—(AP)—Charles C. Moeberry of East Peoria was elected chairman of the Tazewell county board of supervisors at an organization meeting today.

The board is composed of 13 Democrats and 13 Republicans. Clarence McKenzie, East Peoria Democrat, voted for Moeberry, a Republican, presenting a tie vote.

More Pioneer Farms

The vanguard of a migration to
Alaska, 120 picked construction work-
ers from transit camps, has gone to
start a colony in the fertile Matanus-
ka Valley of Alaska. This group will
construct buildings to house a thou-
sand colonists, to be brought from
submarginal farms in the northern
and midwestern states.

The valley is highly productive, and
the nearness of the Japan current in the
Pacific ocean makes it no colder
than the climate to which the settlers
have been accustomed. The land is
covered with big timber and must be
cleared. It is hoped the colonists will
take a lesson from the condition of the
country they are leaving and not take
off all the timber.

Each family is to have 40 acres of
land, for which the government is to
receive \$3,000 over a period of 20 years.
With productive land and a "planned
economy" that will keep up farm
prices, the homesteaders should be
able to meet the obligation with little
difficulty.

Meanwhile the farms these people
are leaving should be replanted in
forest, so that the region which man
has ruined can be restored to fer-
tility. Perhaps by the time these
wornout farms have been brought back
to a state of fertility, the farms in
Alaska will have to be abandoned, and
the folks can move back.

Nature in Wrath

With 3,000 dead, 6,000 injured and
twice that number homeless, nature
has chalked up another furious at-
tack on the Japanese empire. One is-
land is a mass of ruins as a result of
earthquake and fire. The death toll
places the event in the category of a
major world disaster. The world is
horror-stricken.

Yet Japanese soldiers during the
Manchurian and Chinese campaigns
shot and bombed to death many more
than fell during the earthquake. Near-
ly 2,000 were killed at one time in
Manchuria. The assault on Canton
cost the lives of thousands of Chinese.
It is an ironical fact that most of
those killed in the earthquake were
Chinese peasants. It would seem that
the Chinese are not safe, even in
Japan.

The death toll of the quake was
startling; yet a similar disaster in
Tokyo and Yokohama took 100,000
lives a few years ago. At that time
the American people responded gen-
erously with relief funds. The terrible
loss stirred the entire world and
brought shiploads of supplies and
money to Japan.

Yet life is cheap, and in the long run
man takes little notice of how and
when people perish. We kill with
motor accidents in this country some
35,000 annually. The world war cost
the lives of more than ten millions.
In the United States alone the in-
fluenza epidemics in the war years
wiped out half a million lives. Hu-
manity is a prodigal waster of the one
thing Christianity counts as most
precious—human life.

The War in Illinois

A riot marred the peace of Easter
Sunday in Springfield, a riot born of
a factional warfare which has en-
dured for more than two years among
miners of the central Illinois coal belt.
It marked another bloody chapter in
the civil war of Illinois.

One group of miners held a union
meeting. Others approached in a car
and opened fire as the men stood on
the sidewalk. The man killed and one
of the men most seriously wounded
were recently held on charges of kill-
ing an official of the opposing group.

It is unfortunate that the govern-
ment of Illinois is not strong enough to
stop this sort of thing. It is more un-
fortunate that the worst outrages
should occur in the capital city of the
state. It may be argued that the
fight is "private," a dispute between
two labor groups, and no concern of
the general public.

But the men who have fallen in this

conflict were citizens; they have
families and friends; they have homes
which are worthy of protection. It is
the duty of the state to prevent private
warfare if it is to exercise its function
of protecting its citizens. If certain
groups are privileged to take the law
into their own hands and settle their
private feuds by open warfare, what is
to prevent the idea from spreading? It
is easy to see that if very many fac-
tions should take advantage of the
apparent indifference of the state to
feudalism, this country would soon
sink to the level of medieval territory,
spotted with castles and forts, and
with the most power going to the
strongest group.

A Use For Fishing

A Texas man who had been on re-
lief during the winter went to the
headquarters and told the officials
that if they would give him \$2 to buy
some fishing tackle, they could take
his name off the relief rolls. Needless
to say, his offer was accepted.

He figured that he did not care
whether he got regular meals if he
could go fishing. He also had a fairly
good idea that the fish would bite and
that he would be able to hook a living
from the lakes and streams. He should
be given credit for being willing to
trust nature and ease the burden on
the taxpayer.

Most people fish for recreation and
few get anything more out of it. Occa-
sionally a lucky angler is rewarded
with a mess of fish. It is therefore
novel to find a man who is willing to
trust his skill with the rod and line to
keep him from starving. He is so con-
fident that he burns his bridges be-
hind him by allowing his name to be
crossed from relief rolls.

All we can say is, we wish this Texas

citizen would take us fishing with him
sometime. He evidently knows the best
places, not merely to fish, but to catch
fish. It would be a pleasure to study
in his school of complete angling.

Money Awaits Many

The absent-minded professor of
song and story seems to have a rival
in the field of forgetfulness—the ab-
sent-minded investor.

It is announced at Washington
that the treasury has \$109,000,000
due to holders of matured U. S.
treasury bonds. The holders of these
bonds, who paid out their hard-earned
money over a period of years,
seem to have forgotten all about them.

Perhaps some of them labored un-
der the delusion that in buying the
bonds they were making outright
contributions to their government.
At any rate, treasury officials say
that only a very small percentage of
this money will ever be claimed.

Forgetfulness which costs the for-
getters upward of \$100,000,000 is a
form of absent-mindedness which
makes the legendary professor look
like an exponent of the most rigid
efficiency.

Views of the Press

SICK OF REFORM?

In one of his recent statements,
Roger Babson, business statistician,
says that as the New Deal enters its
third year we find it rapidly losing
momentum.

"Truth of the matter is that the
whole nation is sick of reform and
now wants recovery," he adds.

We wonder if that is true.
Two years back it was with con-
siderable risk that we asserted that
reform was being put ahead of re-
covery. Now it ought to be clear to
everybody.

New Dealers have regarded it as
more important that a socialistic state
be set up than that the machinery for
recovery be set in motion. They have
regarded it as more important that all
business should be governed by Wash-
ington bureaucrats than that it be
filled with the confidence that makes
jobs for those who want to work.

of recovery.—Moline Dispatch.

quirer.

Washington—Friends of Senator
Bronson Cutting of New Mexico are
more than ever convinced that the
encouragement of Jim Farley is be-
hind the contest of ex-Congressman
Dennis Chavez for Cutting's seat.

One reason is that Farley telephoned
the clerk of the Senate committee con-
sidering the case while it was in ses-
sion and left word for Chavez to call
him when the committee recessed.

Then there's the fact that Demo-
cratic members of the committee
voted as a party unit to permit the
contest, except for Senator "Cotton
Ed" Smith of South Carolina, who is
one of the independent old cusses
you ever saw.

Especially significant to old-timers
here was the attitude of Senator Min-
ton of Indiana, a new member. Min-
ton demonstrated the most violent
partnership of all against Cutting.

No other reason for Minton's bel-
liosity being apparent, it was gen-
erally interpreted as indicating an un-
derstanding between Minton and the
Farley-Hurja patronage machine, such
as green senators usually are anx-
ious to have.

No Chance for McNutt
Minton, according to Capitol Hill
gossip, hopes to sell Farley on the
vice presidential aspirations of Gov-
ernor Paul McNutt of Indiana. Min-
ton and McNutt have been old side-
kicks in the American Legion. Both
have belonged to the celebrated "king-
makers" clique in that organization.

Someone apparently has kidded
McNutt into believing that he
has a chance to replace Jack Gar-
ner on the 1936 Roosevelt ticket.
The idea happens to be cockeyed.

Although many Democrats will sup-
port Cutting against Chavez unless
Chavez produces a stronger case than
he has thus far advanced, Cutting's
progressive friends have become some-
what more worried—and angry.

Two more committee votes and two
votes on the Senate floor are likely
to be necessary before the contest is
concluded. Meanwhile, the evidence—
involving validity of 1,300 votes, which
is approximately equivalent to Cut-
ting's margin in the election returns—
will be spread out.

Probers Won't Shush
If the British government wanted
action on its protest against exposure
of old scandals relating to its rela-
tions with American banking houses
before this nation was persuaded to
enter the World War, it got it from
the Senate Munitions Committee.

As soon as it learned the British
ambassador had urged the State De-
partment to work against revela-
tion of his government's communications
with the Morgan firm, the committee
decided to take no chances.

It immediately ordered a subpoena of
records in the Morgan offices.

The idea was twofold: It would
be harder for the administration
to call the committee out of the
Morgan files after it was actually
in than when it was merely pre-

paring to open them up. And it
would be impossible for anyone to
sneak the records out after they
were covered by subpoena.

Previously, the committee had ignor-

"Might" of the Law

Dr. Walton H. Hamilton, mem-
ber of the National Industrial
Recovery Board, before the Sen-
ate Finance Committee:
"The law, among other things,
provides for confiscation of goods
shipped in interstate commerce in
violation of the anti-trust act. The
records show that there have been
confiscated during this 40 years,
40 cartons of cigars, and with
very great force, the Department of
Justice has a footnote stating
that these were afterward released
under bond."

ed a milder protest by the British am-
bassador against its study of the pre-
war records of the Guaranty Trust
Company of New York. And the in-
vestigators found enough in these
records to stimulate an appetite for
the Morgan files.

This Changes the Story
Benny Smith, the famous—and
cagey—little Wall Street operator, told
a different story than the one Barney
Baruch told about the time Benny
had delivered 5,000 shares of New
York ship-building stock to Baruch's
office.

Baruch had made it sound as if
Benny had tried to wish the stock off
on him to obtain his participation in
a deal based on secret knowledge of
future naval contracts. He hadn't ex-
plained, as Smith did, that his brokers
had actually paid Smith for the stock.
Or that it wasn't until afterward,
when the company acquired naval
orders, that Baruch turned back the
stock.

"It looks as if Baruch tried to
make you the party," someone re-
marked to Smith after his appearance
before the munitions committee.

"Well, I guess the less said about
that, the better," Benny replied.

THIEF RETURNS PART OF MOTHER'S MEMO

St. Paul, (P)—The Easter spirit ap-
parently bothered this thief's con-
science.

Last January Mrs. Peter Dombek
buried her 13 year old son. As a
memento, she took a crucifix from
the coffin. That night a thief entered
the home and stole it. Yesterday the
crucifix, minus several jewels, was
tossed onto the Dombek lawn.

Steam Engine Goes Through Bridge and Overtakes in Creek

Driver Plays Safe; Sets
Wheel and Then Stays
on Firm Ground

White Hall—Harley Ford drove a
steam engine onto a bridge at the
southeast city limits Saturday after-
noon and the bridge gave way. In
the creek, Mr. Ford thought perhaps
the bridge might not be safe and set
the gearing of the engine and then
let the engine go alone onto the
bridge without a driver and no one
was hurt.

Workmen began work Monday
morning trying to take the engine
out of the creek and John Woods,
road commissioner, stated Sunday
night that the bridge will be rebuilt
immediately. The concrete founda-
tion is intact and it will be necessary
to purchase new stringers for the
bridge. Watchmen were placed at
the bridge to keep people from driv-
ing into the creek. It is now neces-
sary for people southeast of White
Hall to detour several miles to get
into town when they have reached
the city limits. However a T road at
this point cuts down the mileage on
the detour considerably.

Revival Starts Tonight
Rev. J. O. Raines will begin a series
of revival meetings Monday evening,
April 22, in the Strout Baptist church,
which is located on the Emerson
Air line between Pearl and Nebo, and
will hold the meetings indefinitely.
It is hoped the meeting will lead to
the redemption of this church which
of late years has fallen into disuse
because the congregation had either
died or moved away and there are
only three members left. Mr. Raines
organized this church on Christmas
Day in 1901.

Rev. Chamness Holds Meeting
Rev. L. L. Chamness and wife of
New Providence, Iowa, who have been
holding a meeting in Roodhouse and
concluded their services there Easter
Sunday, will begin evangelistic ser-
vices in the Christian church in White
Hall Monday evening, April 22, and
continue indefinitely.

Rev. and Mrs. Chamness are both
graduates of Drake university. He
has had a wide experience in youth
training, having been director of a
number of camps for boys and girls,
and dean of men and instructor in
two camps for youth. He has been
leader and inspector in the Interna-
tional camps. He is also a song writer, slip-
per, and chalk talk artist. Novelty
instruments will be used at various
times in their services which will be
held here.

It is expected that the Roodhouse
and Carrollton Christian churches
will co-operate with the evangelist
and the White Hall church. Rev. C.
L. Leitzke of Manchester is pastor of
the local church.

As Ethiopia Girds for War With Italy

War drums rumble in Abyssinia though the government accepts an arbitration proposal to settle its difficulties in Somaliland with Italy. The ominous gathering of the Ethiopian Army is shown in the picture above. Above a group of recruits to the rapidly growing Ethiopian Army is shown shouting the rousing war cry "Down with the Italian invaders." The League of Nations is attempting to prevent open conflict with the large force of Italians concentrated at the scene of hostilities.

Golden Wedding for Jerseyville Couple

Parents of Mrs. Margaret
Shea of This City
Wed 50 Years

Jerseyville—Mr. and Mrs. Frank Bligh of Jerseyville quietly observed the fiftieth anniversary of their marriage at their home in the northwest part of the city of Jerseyville. A number of relatives were present for the occasion and during the day scores of friends of the couple called at their home to pay a tribute of friendship.

Before her marriage Mrs. Bligh was Margaret O'Brien. The couple was married at Kingman City, Kingman county, Kansas, fifty years ago, and came to Jersey county at the time the C. P. & St. L. car shops were built in this city.

They have resided in the locality since that time. They were the parents of eight children, four of whom are now living. The four are Mrs. Harry V. Farr, wife of Dr. Farr of Ferguson, Mo., Mrs. H. Van Gelder, Mrs. Nellie Klobelt of St. Louis, and Mrs. Margaret Shea of Jacksonville.

Thrown from Horse
Walter Mowen, well known farmer of English township and former supervisor from that locality, sustained serious injuries Saturday morning when the horse he was riding became frightened and threw him. Mowen's foot caught in one of the stirrups and he was dragged for some distance and kicked into unconsciousness by the frightened animal.

Mowen was riding horseback on one of the dirt roads near his farm. A truck passed and on the back of it was a tarpaulin flapping in the wind. Mowen's horse shied at the object and threw him from the saddle. His foot became entangled and he was dragged along the road by the plunging horse which kicked repeatedly at the helpless man.

Grace Church Doings
Easter in Grace M. E. church was characterized by an unusually large attendance at all of the services of the day and programs of unusual merit.

The Sunday school began the activities of the day with an attendance of 613. The Married Peoples class was striving for an attendance of one hundred and they succeeded in reaching the mark. During the lesson period the class had a picture taken of the group. The Easter Missionary offering in the school was \$59.21.

At the morning service the largest audience that has attended for many years was present. Inspiring Easter music featured the service furnished by the mixed chorus under the direction of Mrs. Wm. Barr Brown. The sermon by Dr. Havighurst upon the theme "Easter Morn, the Dawn of Life's Larger Meaning" was a very appropriate presentation.

The Young Peoples league had their social hour with luncheon at 5:30, followed by the devotional period at 6:30, the Christian Endeavor of State Street Presbyterian church being guests.

Miss Mildred Acree was the leader of the High School Epworth league at 6:30. In the evening service the Men's chorus presented the Easter Cantata "Darkness and Dawn." They were ably assisted by Miss Armeada Woods and Miss Rhoda Olds in a very pleasing manner.

The program was a fitting climax to a great Easter Day in Grace church, being the expression of the large audience in leaving the church.

The regular mid-week service of Prayer and Bible study will be resumed on Wednesday evening at 7:30. You will find this a service of helpfulness. It is expected that many of the old and new members will be present.

Next Sunday another opportunity will be given for those not present on Palm Sunday to unite with the church. Others are expecting to be received by transfer of membership.

RAISE TEACHERS' SALARIES
Eldorado, Ill.—(AP)—Teachers in the Eldorado city schools are the first in this section to receive a raise in salary for the coming school term. Each member of the faculty was voted an increase of \$10 a month.

BACK FROM MISSOURI
Miss Ethel Wylder has returned home after spending the past week visiting relatives in Columbia, Mo.

Centenary Church Notes

Easter Sunday in Centenary church was the most impressive, the most challenging, the most inspiring service that has been witnessed in this grand old church in more than a decade.

It was made impressive by the assembling of a serious minded audience that filled the first floor of the sanctuary, several finding seats in the gallery.

It was challenging because of the sincerity with which this fine gathering entered into the worship and the further fact that the rites of baptism were administered to 16 infants and twenty-six children and adults and fifty-four persons joined this church by letter, or profession of faith or as preparatory members.

It was inspiring because it was the time for those making the "good profession" to dedicate themselves to higher and better living.

During the Lenten period the pastor, Rev. M. M. Blair, has brought a series of great sermons on what Jesus said about Himself, closing with that assuring statement, "I Am the Life." Each hearer carried a helpful lesson to his home to make life itself more worth while. At the evening service Rev. Blair brought a tender message from the incident told of the journey on the road to Emmaus. Miss Charlotte Sieber beautifully rendered "Calvary" by Rodney as a solo at the morning service.

Easter lilies, ferns and a simple cross flanked by lighted tapers were simple decorations that gave a beautiful setting.

Early Sunday morning a fine group of young people from the Senior and Intermediate Leagues met at the church and drove to Nichols park

where they held a sunrise service; returning to the church they enjoyed breakfast together. League services and the Sunday school were full in the fine fellowship and worship they enjoyed.

Groups from Centenary will attend great meetings at Beardstown Tuesday and Pittsfield Friday.

R. W. Dodsforth who has been confined to his home for more than one year celebrated his seventy-fifth birthday on Easter and received the cordial good wishes of his many friends. He is one of Centenary's best loved members.

With the additions at Sunday's services more than sixty persons have come into Centenary church during the pastorate of Rev. Mr. Blair.

FUNERAL OF LUCY
HOLLOWAY IN SCOTT
Funeral services for Lucy Holloway were held at 2 o'clock Sunday afternoon from the Primitive Baptist church in Winchester, in charge of Rev. Garfield Rogers.

Music was furnished by Clifton Lewis, Howard Hillebrew, Henry McMullen and Miss Lona Coates. They sang "Jesus Lover of My Soul," "Going Down the Valley" and "Beautiful Isle of Somewhere."

Flowers were cared for by friends. The casket bearers were Russell Oils and Ira Taylor and Kenneth Isahab and Almond Walker. Interment took place in the Holloway cemetery.

Local Debaters 6th In District: Going To State Tourney

Teams Back From Chicago:
To Debate in Bloomington
in State Finals

The Jacksonville High school debaters who participated in the national district tournament held at the Central Y.M.C.A. in Chicago, returned home Sunday, with a rank of sixth place in the tournament. The team was eliminated by Elgin about 6 o'clock Saturday evening. However, the chances of the local team for state and national honors are still good.

Jacksonville will be one of ten schools to participate in the finals of the state tournament, to be held next Monday and Tuesday in Bloomington. A win of first or second place in that contest will entitle the team to participate in the national tournament. By failing to win the tournament in Chicago, the team lost that chance for the national contest, but the debaters are still in the running. It was victorious in both the district and state tournaments last year which entitled the team to go to Topoka, Kan.

Members of the teams from here who debated at Chicago were: William Clark and Mary Butler for the affirmative, and Edward Johnston and Robert Fay for the negative. For the state finals at Bloomington, where three members are required on each team, Jane Dunlap will be added to the affirmative and Ralph Dunlap to the negative.

CHAPIN COUPLE ARE HOSTS TO FRIENDS

Chapin—Mr. and Mrs. McDonald Egdon entertained their bridge club Thursday evening with three tables at play. High score prize was won by Mr. and Mrs. Kenneth Flint. Dainty refreshments were served. Guests: Mr. and Mrs. Delbert Aufdenkamp, Mr. and Mrs. E. J. Lashmet, Mr. and Mrs. Harold Perbis, Mr. and Mrs. Kenneth Flint and Mr. and Mrs. Verne Smith.

Mr. and Mrs. Austin Moody were guests of honor at a dinner Thursday evening given by Mr. and Mrs. Edwin LaKamp, marking the sixth wedding anniversary of Mr. and Mrs. Moody. Other guests at the dinner were Mrs. Maggie Moody, Wendell and Jacqueline Moody. Other guests arriving later to help celebrate were Mr. and Mrs. Miller Ober and children, Mr. and Mrs. James Spire, son and daughter, Mr. and Mrs. John Anderson, Jr. and children, Miss Helen Goffinet, Russell Anderson, Ralph Wilder and Elmer LaKamp.

Mr. and Mrs. Walter Hogan arrived home Thursday from Arizona where they spent the winter.

Herman Wessler of Arenville was a business visitor here Friday.

Harry Wacker of Jacksonville was calling on friends here Friday.

Mrs. Emma Andell of Winchester is spending the week-end with her mother, Mrs. Mary Rigor.

Mr. and Mrs. Frank Glover and children of Wood River and Warren Coulson of Jacksonville spent Sunday with Mr. and Mrs. C. F. Duckett.

Miss Amy Onken returned home Friday evening from a two weeks auto trip into Iowa.

COLLEGE STUDENT. "I smoke a lot, because I find that Camels keep me on the alert... banish that 'done in' feeling," says Alford Archer. "And what a swell taste they have!"

GIRL EXPLORER. "When I'm tired," says Mrs. William LaVarre, "I stop and smoke a Camel. It wakes up my energy in no time. Smoking Camels steadily does not affect the nerves."

ENGINEER. "Camels refresh me in a very few minutes," says Erwin B. Jones, staff engineer, Boulder Dam. "And man, what a swell taste Camels have!"

TRANSPACIFIC FLYER. "Camels are my 'super-charger.' They give me new energy and 'go,'" says Sir Charles Kingsford-Smith.

REPORTER. "When I'm feeling 'let down,'" says Mary Nichols, "I get a 'lift' in my energy with a Camel."

BRIDGE ENGINEER. R. G. Cone says: "It's a strenuous life—bridging the Golden Gate. When I'm worn out, a Camel quickly relieves me of tiredness."

CAMERAMAN. E. E. C. Pickwood speaking: "Do I get worn out and exhausted? You bet! The way I 'turn on' my energy again is to smoke a Camel."

RANCHER. Charley Belden, of Pitchfork, Wyoming, adds his comment: "When I get to feeling tired, I smoke a Camel, and my energy perks up right away."

COLLEGE GIRL. Listen to Marguerite Osmun: "Smoking a Camel makes me feel fresher... more alert. And what a grand taste Camels have... so mild and appealing."

ALASKAN EXPLORER. Harold McCracken has this to say: "Camels are mild... yet have a full, rich flavor. They refresh my energy."

HORSEWOMAN. "I don't know of anything else that brings the pleasant 'lift' that I get from a Camel," says Miss Helene Bradshaw. "Camels never give me jumpy nerves."

FIREMAN. Stanley Adams says: "When I feel all in, Camels give me new 'pep.' I'd walk a mile for a Camel."

FARMER. I. A. Bailey: "Like many farmers, I have found a way to lick tiredness. I smoke a Camel and find my energy renewed. Camels suit me right down to the ground."

EXPLORER. Captain R. Stuart Murray, F. R. G. S., says: "Camels always give me a pick-up in energy when I need it, and I prefer Camels' flavor."

RADIO EXPERT. "Camels are my choice on taste," says Harry Miller, radio engineer, of Station WOR. "And smoking a Camel helps to relieve fatigue."

Easter Party Given For Kindergarten Pupils

The Easter party given for the kindergarten pupils at MacMurray College, sponsored by the director, Miss Dorothy Cannon, was enjoyed on Friday morning in the kindergarten rooms. About thirty were present and a program of games and music was carried out during the morning. The sand table was arranged with bunnies, chickens and paper flowers made by the children.

Dainty refreshments were served and each one received favors of Easter baskets, eggs and bunnies. The guests present were: Edmund Perry, Maxine Zellman, Tommy Mills, Philip Reynolds, Patty Parks and Pamela Simms.

S. S. Class Enjoys Easter Breakfast

The Business Girls' Bible class of First Baptist Sunday school took breakfast Sunday morning at the home of their teacher, Mrs. F. D. Stone. The members went to the Stone home following the sunrise Easter service at the church. Eighteen members were present.

A delicious two course breakfast was served, with candy bunnies at each plate as souvenirs. Next Friday evening the class will have its monthly social at the home of Mrs. Mary Logue on North Diamond street.

Grover Lewis and Nancy B. Ryman Wed

Ceremony Takes Place at Home of Rev. Wetzel Saturday Night

Miss Nancy B. Ryman, daughter of Mr. and Mrs. John T. Ryman of Jacksonville, and Grover C. Lewis of Ashland were united in marriage at 9:30 o'clock Saturday evening with Rev. G. T. Wetzel officiating at his home, 931 South East street.

They were attended by Mr. and Mrs. Ryman, brother and sister-in-law of the bride and Mr. and Mrs. Samuel Henry.

Mr. Lewis is a prominent farmer living near Ashland, where he and his bride will reside.

ATONEMENT SUBJECT IN SCIENCE CHURCH

"Doctrine of Atonement" was the subject of the Lesson-Sermon in all Churches of Christ Scientist, Sunday.

The Golden Text was, "Christ was once offered to bear the sins of many; and unto them that look for him shall he appear the second time without sin unto salvation" (Hebrews 9:28).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "But now in Christ Jesus ye who sometimes were afar off are made nigh by the blood of Christ. For he is our peace, who hath made both one, and hath broken down the middle wall of partition between us; For through him we both have access by one Spirit unto the Father. Now therefore ye are no more strangers and foreigners, but fellow citizens with the saints, and of the household of God" (Ephesians 2:13, 14, 18, 19).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "That God's wrath should be vented upon His beloved Son, is divinely unnatural. Such a theory is man-made. The atonement is a hard problem in theology, but its scientific explanation is, that suffering is an error of sinful sense which Truth destroys, and that eventually both sin and suffering will fall at the feet of everlasting Love" (p. 23).

My Cookery News Notes

By LUCILE HARRIS

Editor's Note: "Cookery News Notes" is a new feature of this newspaper, and will be followed with interest by our women readers. The writer is Lucile Harris, staff member of the National Live Stock and Meat Board, recognized authority on cookery of all kinds and especially meat cookery and the planning of meals around the meat course. Experimental cookery has developed a good deal of new information about cooking meat, which is contrary to old ideas. This series of articles will give our readers this new information in helpful form, and will also give a series of excellent recipes and suggestions for serving the meat course of the meal.

FRENCH FRIED LIVER AND ONIONS

French fried potatoes are an old story—so, for that matter, the liver and onions—but French fried liver and onions are news. At least it was to me and so I hastened to pass the word along to you, for I am sure you will like this way of preparing these perennial favorites.

French Fried Liver

Remove the membrane from liver and cut in one-inch cubes. Salt, roll in eggs and crumbs and fry in deep lard at 350 degrees F., until well browned. Serve with French fried onions which may be cooked in the same lard after the liver is finished. Drain, place the liver on unglazed paper, and keep in a warm place, while the onions are being fried.

French Fried Onions

6 medium-sized onions
1 cup flour
1 cup milk
1 egg
1-teaspoon salt

Lard

Peel the onions, slice in 1/2 inch slices and separate into rings. Make a batter of the flour, milk, egg and salt. Dip the onion rings in the batter. Heat the lard to 350 degrees F. Place the onions in a frying basket, lower into the hot lard and fry until a golden brown. Drain thoroughly. Arrange on platter around the liver and serve hot.

French fried onions will remain crisp and may be reheated and used another day.

And from Madam Begue's famous old restaurant in New Orleans comes another recipe for French fried liver.

Liver a la Madam Begue

Remove membrane from liver and cut into 1 and 1 1/2 inch cubes. Marinate for 30 minutes or longer in a well-seasoned French dressing, using twice as much oil as vinegar. Fry in deep fat at 350 degrees F., until well browned. Serve piled on a platter and garnished with parsley and lemon.

And while we are on the subject of deep-fat frying, a word about lard will not be amiss. Perhaps every woman does not know that lard, with its low cost and high digestibility, is a most desirable medium for deep fat frying. One of the reasons it is an excellent fat for this use, is because it can be heated, without burning, to temperatures high enough to cook all the foods we fry in deep fat. In this process of heating there is no undesirable change in the lard's flavor or odor, and with the proper care, lard can be used over and over, so you may keep a kettle ready and surprise the family with doughnuts, fritters, or French fried potatoes.

Another desirable quality of lard for deep fat frying is that it has a delicious nut-like flavor which enhances the flavor of the foods fried in it.

Former Meredosia Woman Passes Away

Isabelle Skinner Carter Dies in Texas; Other Meredosia News

Merodosia—Word has been received here by relatives of the death of Mrs. Isabelle Skinner Carter, who passed away April 1, 1935 in Dallas, Texas.

Mrs. Carter was born near Meredosia, Nov. 3, 1860, where she grew to womanhood. On December 26, 1880, she was united in marriage with Edwin M. Carter in Quincy, Ill., and to this union were born two daughters, Sylvia M. and Hazel J. Sylvia passed away March 16, 1906. Mrs. Carter lived the latter part of her life in Dallas, Texas. After the death of her husband two years ago she went to live in Denver, Colorado, with her daughter, Mrs. Hazel Rosetto.

On March 17 of last year, she accidentally fell, fracturing her thigh. After weeks of intense suffering she became able to walk again and last October returned to her home in Dallas, Texas. Soon she became very ill and for three months suffered intense pain, which she bore patiently until the end.

Besides her daughter, Mrs. Hazel Rosetto of Denver, Colorado, she is survived by two brothers, C. M. Skinner of Meredosia, and Wilbur Skinner of Jacksonville; also by a grandson, Norman Hale, of Denver, Colo.

Richard Pond has employment with the Steel Bridge Co., in Jacksonville. Mr. and Mrs. Raymond Scott were business visitors in Mt. Sterling Thursday afternoon.

Nazis Get Out the Vote--Even in Litters

The Nazi organization's desperate drive to obtain an overwhelming majority in the Danzig parliamentary elections led to enactment of this scene in front of one of the polling places. A swastika-ed squad of election workers is shown carrying an aged invalid woman from the polling place to her home after she had cast her ballot. Nevertheless the Nazis fell far short of their goal.

Zeke Bonura Hits 2 Homers But Browns Beat White Sox 6 To 5

Willis Hudlin Holds Tigers To Three Hits and Indians Beat League Champions 5-0

Detroit, April 22.—(P)—The Detroit Tigers inability to strike a hitting stride carried on into the final game of the series with Cleveland today as the Indians turned back the American League champions 5 to 0.

Willis Hudlin was in fine form, holding the Tigers to three hits, two of which came in the seventh inning when Mickey Cochrane's men made their only serious threat only to have a double play bring the budding rally to an abrupt halt.

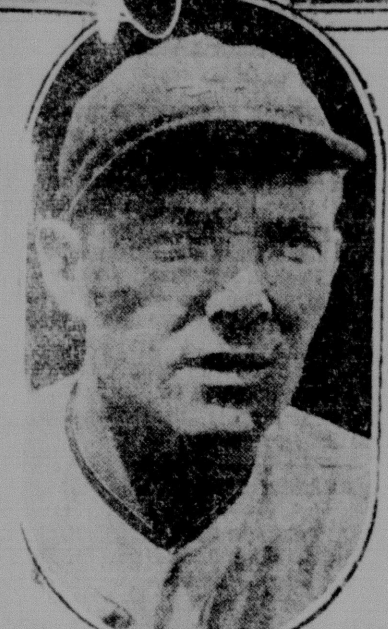

Tommy Bridges, who pitched one of the two games the champions have won this season, was the victim of the Indians' 12-hit offensive. One of the blows was a home run by Joe Vosmik with two men on the bases in the third inning.

Vosmik's circuit drive climaxed a five-hit, four-run attack. Louis Berger opened with a double and in succession Myatt and Hudlin lashed out singles, the former's blow scoring the Indians' second baseman. After Hughes had fanned, Vosmik put the ball over the left field fence, scoring

NEW STRENGTH FOR ROGERS HORNSBY'S BROWNS

Manager Rogers Hornsby of the St. Louis Browns is counting on these three new men to help him in his bid for first division this year. Upper left is Roy "Beau" Bell, right fielder out of the Texas League who hit .400 against the World Champion Cardinals in the spring series at St. Louis. Upper right is Fay Thomas, right handed pitcher who had a record of 23 victories and four defeats in the Pacific Coast League last year. Below is Johnny Burnett who came to the Browns in a trade with Cleveland. Johnny hit at a .375 clip against the Cards. He was a utility infielder with the Indians, but Hornsby has been giving him steady work at short this spring.

Dick Coffman Driven From Slab But Jim Walkup Holds Hose to One Measley Clout

Red Sox Wallop Senators 4 To 2

St. Louis, April 22.—(P)—Zeke Bonura, Chicago first baseman, drove across two home runs today, but the St. Louis Browns bunched their hits to take the odd game of the series with the White Sox, 6 to 5, before a crowd of 1,000.

Bonura's circuit drives in the first and third innings brought in all the Chicago runs and sent Dick Coffman, St. Louis hurler, to the showers. Jim Walkup, his relief, squelched the White Sox batting spree and held the visitors to one hit in the remaining six and two-thirds innings.

Tietje, Chicago pitcher, was pounded for six hits netting five runs in the first two innings and retired in favor of Lyons.

Completing their first home stay with two out of three victories, the Browns will leave early tonight for two and three-game series with Cleveland and Chicago.

Giants Smother Phillies 8 To 1

Philadelphia, April 22.—(P)—With Carl Hubbell hurling four-hit ball for his second victory of the season, the New York Giants let loose a 15-hit attack today to defeat the Phillies 8 to 1 and get an even-break in the four-game series.

Dolph Camilli, the Phils' young first baseman, cheated the Giants' screw-ball ace out of a shutout when he hammered the ball over the right field wall in the fourth for his fifth home run of the season. He also connected with a single. "Blondy" Ryan, a former Giant, and John Moore hit the other two safeties.

Dick Bartell led the Giants' offensive off Phil Collins, James Evin and Frank Pearce, driving out a triple, a double and two singles in five times at bat. Mel Ott crashed through with his second home run of the year in the fifth.

The Giants got away to a three-run lead in the first on doubles by Bartell and Bill Terry, a pass to Ott and singles by Travis Jackson and Mark Kerner, and with Hubbell in mid-season form they never were threatened.

Valley Athletes To Decide Track Title

Will Gather At White Hall Friday For Meeting; Race Expected

Illinois Valley track and field athletes will gather this Friday at White Hall for the annual track and field championships, and from all pre-meet indications, the meet is going to be anything but the one way demonstration dopesters had it figured before the season began.

Carrollton, winners of the conference football title last fall, has come back in track with some of those champions and a number of recruits to turn up the cinder paths in what has thus far been an impressive showing. Jerseyville, which took the short end of the score in a three way meet with Carrollton and Greenfield, has a number of consistent performers who may be able to win just enough first places to return the track title to the school which now holds it.

Winchester, the sole Scott entry, likewise looked impressive in his first meet of the year, with big Ora Priest providing a large number of points. Priest will have his efficiency somewhat increased in the valley meet, for there he will be permitted to enter only three of his five or six favorite events.

Pleasant Hill and Pittsfield, Pike county entries, have enough good track timber this year to give Jerseyville plenty to think about. Carrollton probably ranks as the favorite to win the meet at present, because of its excellent balance, but with eight other schools to come in for points, the Hawks will have to come through with better records than they have made thus far.

The meet will be the first large meet in this section of the state and is expected to bring out a large crowd. White Hall has set some records for track crowds in the past and promises to do likewise this year.

Kitten Ball Teams Called To Meet

A meeting of persons interested in re-organizing the Y. M. C. A. Playground Ball League—or "Kitten Ball" as it is becoming known—is called for 8 o'clock Wednesday evening in the Congregational church rooms.

Plans to be considered include the securing of lighting equipment to be placed on the High School field in order that the games may be played after dark. Many communities have tried this and have found that it adds greatly to the interest and enthusiasm.

An announcement will also be made shortly of a meeting of those interested in organizing the Y. M. C. A. (hard) Base Ball Leagues. It is anticipated that this year there will be even more teams than last.

Any groups interested are invited to have their representatives attend these meetings. The meeting Wednesday is to discuss "soft" ball.

Greenfield Wins From Rockbridge

Win By 88 To 37 Score In First Meet Held In Four Years

Greenfield, April 22.—Track and field athletics came back to Greenfield high school for the first time in four years this afternoon when the Greenfield high team won over its near-by rival, Rockbridge, 88 to 37. It was the first meet held on the Greenfield track in four years.

Led by H. Cole, who won three first places and picked up points in two other events, the Greenfield team won nine of the events and tied for first in the tenth.

Following the meet, the Greenfield track team was the guest of Coach and Mrs. C. P. Hubbell.

Illini Lead Big 10 Baseball Loop

Go to Columbus Tuesday and Meet Wisconsin at Home on Wednesday

Chicago—(P)—Illinois' defending Big Ten champions, lead in the 1935 race with three straight victories, will engage in two games this week, both against teams they already have conquered.

The Illini tackle Ohio State at Columbus tomorrow and hustle back to Champaign in time to meet Wisconsin Wednesday. Coach Wallace Roettger's team defeated Ohio State in the opening game of the conference season, and took two falls out of Wisconsin last week-end. Illinois won Friday's game, 4 to 0, and came back Saturday for a 10 to 5 victory. In a second Tuesday contest, North-

western opens its conference season at Ann Arbor against Michigan, which split a two-game series with Ohio State last week. The Buckeyes won Friday, 3 to 2, but took an 8 to 0 beating Saturday.

Indiana, which opened its campaign by defeating Purdue, 9 to 4 and 7 to 1, last week, meets Ohio State at Bloomington Friday and Saturday. Iowa starts its Big Ten schedule at Northwestern Friday and Saturday, and Chicago gets underway with a doubleheader at Purdue Saturday. Wisconsin goes to Michigan Saturday for the other game of the week's schedule.

Tops in Her Teens, and Bound for Berlin

A slim, southern girl with a boyish bob, only 18 years old and still in high school, is tying swimming records in knots in clinching a berth on the U. S. Olympic swimming team going to Berlin next year. Katherine Rawls, of Miami, Fla., shown above in three poses, won her third straight women's national indoor swimming championship in Chicago. She broke national marks in the 100-yard free-style and 300-yard individual medley event.

Greenland is regarded as the largest island in the world, although some geographers regard it as an island-continent. It has an area of 827,000 square miles. New Guinea, with an area of 330,000 square miles, ranks second, and Borneo, with 280,000 square miles, is third.

Drake Relays to Attract Big Field of Athletes This Week; Eight New Records at Kansas

Kansas City—(P)—A great army of thin-clad athletes, leaving eight new records at the Kansas relays, today turned to preparation for the second major test of the midwestern outdoor season, the Drake relays in Des Moines this week-end, when Glenn Cunningham opens his come-back campaign after his first loss of 1935.

Attention centered on the University of Iowa's quartet of crack sprinters—Owen, Nelson, Dooley and Briggs—who bettered listed world records in the quarter and half-mile relays at the Kansas carnival in Lawrence last Saturday.

They passed the baton over the 440-yard distance in 40 seconds and ran the 880 in 1:25.2. Both accepted world marks were made by runners of the University of Southern California, but the half-mile standard has been beaten in American record time of 1:24.8, also by Trojan sprinters.

Glenn Dawson, Skistock, Okla., handed Cunningham his first setback after 10 straight triumphs, including two world record performances in the east. The mile race at Lawrence, paced by a front-running relay team of quarter-milers, was clocked in the slow time of 4:17.4, with Dawson two strides ahead of Cunningham and Harold Manning, Wichita, Kas., third.

Dawson "kicked" up from third place in the home stretch, Ill. and not in condition for the outdoor campaign, Cunningham failed to

stretch his early margin sufficiently to offset Dawson's famous final burst. It was Dawson's second slow mile victory in two years over Cunningham. The "Elkhart Express" is scheduled for a three-quarter mile race at Drake.

The downfall of Cunningham before a home-state crowd of more than 10,000 that turned out in balmy weather with hopes he would beat or approach his world record of 4:06.7, was simultaneous with the rise of Clyde Coffman, another ex-Jayhawk, to the decathlon championship of the relays.

Coffman's triumph over a record field of 16 starters in the all-around test marked him as a contender for the 1936 Olympic team. Both Cunningham and Coffman were members of the U. S. team three years ago, the former in the 1500-meter and Coffman in the decathlon, in which he placed seventh.

New meet records at the Kansas relays, besides Iowa's two outstanding marks, are:

120-yard high hurdles—Sam Allen, Oklahoma Baptist, 14.5.

Discus throw—J. C. Petty, Rice, 154 feet.

Shotput—Elwyn Dees, Kansas, 51 feet 3 1/2 inches.

University mile relay—Texas, 3:16.1.

University 2-mile relay—Kansas State, 7:45.7.

University medley relay—Indiana, 10:21.2.

days here last week investigating possibilities and visiting with friends. Promoter Woods, who is to manage the local end of the show, expects to hold the bouts about May 23. The Jacksonville team will be made up of Jacksonville and Springfield fighters, and they will meet a team from either Peoria, Quincy or Bloomington.

Willard, who is now in Kansas, has been busy refereeing both wrestling and boxing bouts for the past few years. He appeared recently in Springfield and drew a large crowd. Huge in size, the former champion is in such good condition that he recently challenged Jack Purcell, Canadian and world champion badminton player, to defend his crown in a match with him. The challenge was accepted today, and the match will be played in California, May 9.

Thousands Reported Killed on 120 Mile Front

Buenos Aires—(P)—Paraguayan and Bolivian troops were in bloody combat along a 120-mile front in Santa Cruz, Bolivia's potentially rich eastern lowland province.

Paraguay's invasion of the province, followed by a Bolivian counter attack, precipitated a general engagement. Observers see the possibility the current fighting may be the decisive chapter in the war.

There have been no official reports of casualties, but unofficial advisers indicate they may run into the thousands.

Henry Picard Leads Nation's Golfers

Averages 71.6 Strokes Per 18 Holes During 45 Rounds of Play

Decisive Battle of Chaco War Opens

Thousands Reported Killed on 120 Mile Front

Buenos Aires—(P)—Paraguayan and Bolivian troops were in bloody combat along a 120-mile front in Santa Cruz, Bolivia's potentially rich eastern lowland province.

Paraguay's invasion of the province, followed by a Bolivian counter attack, precipitated a general engagement. Observers see the possibility the current fighting may be the decisive chapter in the war.

There have been no official reports of casualties, but unofficial advisers indicate they may run into the thousands.

leading professional golf shotmaker and money-winner in the country.

Picard played 45 medal rounds during the winter barnstorming tour with an average of 71.6 strokes per round—good for aggregate winnings of \$5,360 or \$123.50 for each 18 holes.

His second scoring average, aided considerably by successive rounds of 65, 67 and 68 in the Atlanta and Augusta tournament enabled him to nose out Paul Runyan of White Plains, N. Y., who compiled an average of 71.7 for 27 rounds. Runyan's earnings of \$2,631 were slightly less than one-third of what he pulled in last year.

Although he did not play enough to qualify for the main ranking the veteran MacDonald Smith of Nashville, Tenn., struck an average of 71.3 for 10 rounds. Tommy Armour of Chicago did 73.8 in 12 rounds.

Monday callers in the local community included Mr. and Mrs. A. E. C. Pentland of Manchester.

Council Defeats One Ordinance; Fails to Act On Second at Meeting

(Continued from Page Twelve)

against the officer, it would be impossible to dispense with his services. The council can over-ride the dismissal charges by a two-thirds vote.

Alderman Devin brought up the fact that Harold Ransom had been filling the position left vacant when Woods left the city.

He questioned the mayor's authority in appointing a man for 60 days, and was informed that the situation was not covered in the ordinance. Ransom, it was explained, was appointed as a special officer to serve until the traffic officer was back on duty.

Still another investigation was chucked overboard when the mayor was informed that the park board had the authority to make purchases of over \$500 without calling for bids. The mayor asked the secretary of the park board, Ernest Savage, about the details of a tractor purchase and was told that the board felt that it was acting within its authority when it bought a machine particularly adapted to the uses to which it was to be put in the park. The board also passed a resolution doing away with the necessity of advertising for bids in order to be on the safe side, he said.

Opinion on Purchases

The opinion that the board could make purchases for over \$500 without calling for bids, was handed down by the city attorney who stated that the council has no control over the park board, other than to investigate in case of fraudulent use of the money. There was some question, the city attorney said, as to the regularity of appointments to the park board, since it was not intended to appoint an entire board at once, but to appoint two members each year and to make the appointments for a three year period.

Alderman Green, reporting on the police committee, stated that he had been called to a beer tavern, to stop a dance. Green laid the matter before the council but no action was

taken. Mayor Wainright said he also had received complaints over the telephone and had asked that the complaints be put in writing, but so far, he said, he has not received anything tangible upon which to base action.

Alderman Day, reporting as chairman of the water committee denied that Diesel engines installed at Kewanee have been taken out, and quoted from a booklet issued by Mayor James H. Andrews, showing the cost of operating Diesels compared to purchased electricity for the purpose of pumping water. The retiring Kewanee mayor in a letter to the alderman, stated that the Diesel engines had been installed three years ago and that they have been paid for out of the savings effected.

Alderman Day read a table from the Kewanee booklet to the council.

Year	KWH	Generated	Savings
1931 (2 mo.)	88,900	1,142.15	
1932	629,500	7,701.67	
1933	727,800	8,078.59	
1933	727,800	8,078.59	
1934 (To Nov. 1)	563,600	6,202.96	

By Dec. 1, 1934, the report went on, the Diesel engine was completely paid for out of savings and at no cost to Kewanee's citizens and taxpayers. The alderman also read a message from the Kewanee mayor to the citizens as follows:

"In 1931 the Kewanee city council bought of Fairbanks, Morse and Co., a 280 h. p. Diesel engine electric generating unit. The price was \$21,400 to be paid in 40 monthly installments of \$535 each with 6 percent interest.

"The city had been paying 16c per k. w. h. for electric current for use in pumping water at the waterworks, lighting the streets and the city hall. At times the bill for purchased electric current ran over \$2,300 per month including the entire street lighting system of the city.

"On Nov. 1, 1931, the new Diesel

engine plant began operating and during the first month it generated 45,600 k. w. h., which would have cost, if purchased as usual \$729.60. The entire cost of operating the engine for the month of November, 1931, outside of attendants, was \$154.93. The difference between the cost of power, \$729.60, and the operating cost of \$154.93 is \$583.67—which was the saving effected by operating the Diesel engine and cutting off the monthly power bill.

"The city took the \$583.67 and paid the monthly installment of \$535.00 and a few dollars accrued interest. The balance went into the city treasury.

The message continues, pointing out that each month the plant has operated, it has put in the city treasury about \$500.

State Sales Tax

That the city may be able to dispose of its credit with the state, due to sales tax on water paid under protest and later allowed, was explained by the city attorney who said that he is investigating the possibility of selling the credit to business men who pay a sales tax. The state has advised the city that there is no money with which to return to the city the amount of the protested tax.

Tossing the blame for the condition of the pavement on West College, one block off South Main street, on leaky gas mains, the company which sold the materials for use on the street to the city stated in a letter to the city attorney that something should be done, and that the company is ready to stand behind its product. The company reported that Warcolite streets in Chicago, St. Louis and Montgomery, Alabama, have been reported as having "broken up" for the same cause, but that extensive tests are now being carried on to determine why the Jacksonville pavement became wavy and full of cracks.

The city attorney also reported that he filed with the Illinois Power & Light company a claim for \$769.98, the amount of damage to South Main street paving, resulting from an explosion, said to have come from a leaking main.

Final estimates of the cost of improving North Sandy street at the city hall were presented the council by E. M. Henderson engineer. The improvement cost a total of \$338.98, and the cost was divided between the city, the Morgan Dairy company, and the Andrews Lumber company, according to frontage feet.

GEORGE SLAGLE DIES AT HOSPITAL

They are shown returning to Stresa after a meeting with British and Italian representatives.

Thomas J. Lehne Electrocuted At Chester Prison

Was Charged With Murder Of Charles Puhse, At Granite City

Chester, Ill., April 23.—(Tuesday)—Thomas J. Lehne, 44, convicted of the murder of Charles Puhse, was executed at the Southern Illinois penitentiary shortly after midnight today.

The former Venice, Ill., policeman was taken into the prison death chamber at 12:08 a. m., and was strapped into the electric chair five minutes later.

After a first shock of 2,300 volts and seven additional charges of 550 volts each, he was pronounced dead at 12:17 a. m., by Dr. E. Ralph May, prison physician, and Dr. J. M. McManus, superintendent of the Illinois security hospital.

Mrs. Gertrude Puhse, wife of the slain man, was to have gone to her

death with her paramour, but Gov. Henry Horner last week commuted her sentence to 99 years' imprisonment.

SEES BATTLE BEGIN BUT NOT THE FINISH

Jacksonville Man Tells of Springfield Tragedy

Clarence Rataichak, of this city, saw the start of the bloody riot between warring mine factions at Springfield Sunday, but didn't stay to see the finish.

Rataichak told friends here Monday that he witnessed the first episode which caused the death of one man and left eight others wounded. He was walking near Sixth and Washington streets when he saw guns thrust from a large car and shooting start. As the local man didn't have any reason for remaining in that spot, he picked out a safer location.

Crowds rushed to the scene of the massacre within a few minutes but Rataichak told friends he was not among them. He found the quiet streets of Jacksonville decidedly more to his liking.

Mrs. Martin Souza Summoned by Death Northeast of City

Well Known Resident Dies at Midnight Following Extended Illness

Mrs. Martin Souza, an aged and highly respected resident of Morgan county, passed away at midnight Sunday night at the family home northeast of Jacksonville. Death followed an illness of several months.

Mrs. Souza was the mother of eight children. She and Mr. Souza only recently passed the 63rd anniversary of their marriage but because of her declining health the anniversary was not celebrated.

She was born Dec. 20, 1856, a daughter of Frank and Mary Nunes, her maiden name being Julia Nunes. Her marriage with Mr. Souza was solemnized April 13, 1872, by Rev. E. M. Pires.

Mr. and Mrs. Souza were parents of eight children, all of whom are living. The children are Charles Souza, George Souza, Mrs. Grace Asher, Mrs. Julia Patterson and Joseph Souza, all of this city; Mrs. Lillie Coons, St. Louis; Martin Souza, Jr., and Fred Souza, of Peoria.

Mrs. Souza leaves thirteen grandchildren who are Miss Georgia Souza, Charles E. Souza, Miss Leon Souza, Mrs. Leora Frank, Miss Ruth Souza; Mrs. Ola Sheppard, Waverly; Mrs. Ivadell Nelson, Christopher, Ill.; Mrs. Mabel Sturdy, Woodson; Clarence Souza, White Hall; Harold Coons, Evelyn Chotes, Thelma Cordes and James Coons of St. Louis. Three granddaughters, Mrs. Irene Smith, Miss Helen Patterson, and Mrs. Daisy Decker, preceded her in death.

There also are a number of great grandchildren and other relatives. Mrs. Souza was a longtime member of Northminster Presbyterian church, joining with her husband many years ago.

The decedent was deeply devoted to her home and family, and it was her privilege to see all of her family grow to maturity and become useful men and women. The occasion of Mr. and Mrs. Souza's 59th wedding anniversary several years ago was fittingly celebrated with a family reunion.

The remains of Mrs. Souza were removed to the Williamson Funeral Home and prepared for burial.

The remains were removed Monday afternoon to the residence of a daughter, Mrs. C. E. Patterson, 1110 Hackett avenue. Funeral services will be held at 2:30 o'clock Tuesday afternoon from Northminster Presbyterian church, in charge of Rev. Harry Lothian, with interment in Jacksonville cemetery.

OVERFLOW CROWDS ATTEND SERVICES AT CHURCH OF GOD

Overflowing crowds attended each service at the Church of God Sunday and cheerfully enjoyed the Easter day. There were two hundred and sixty-seven in the Sunday school and every seat including extra chairs was taken for the morning program and the church was taxed to its capacity for the young people's and evening services. Rev. Ward spoke on the subject of "Where Is He?"

Next Sunday will be missionary day. Rev. Ward will speak on the subject of "Missions" in the morning service and the young people will present a missionary program at 6:30 in the evening.

The young folk who will take part in the program are: Maxine Ward, Lucile Lane, Juanita Summers, Fred Edwards, William Madison, Robert Wood and Paul Taty.

ROSALIE MCCOY IS GREETINGS EDITOR

SCOTT COURT TERM BEGINS

Judge Lawrence E. Stone Presides; I. S. B. Group Entertains

Winchester, April 22.—The term of the Circuit Court of Scott County convened here at 10 o'clock this morning with Judge Lawrence E. Stone presiding. The grand jury was empaneled and instructed by State's Attorney, C. C. Carter, preceding their deliberation. They will report their finding tomorrow. The session of court this morning was very brief and court was adjourned until tomorrow following the calling of the docket and setting cases for trial.

Club Entertains

The Literature and Civics Department of the Winchester Woman's Club was entertained at their meeting this afternoon by several pupils from the Illinois School for the Blind in Jacksonville, under the direction of Dr. Robert W. Woolston. They presented a most remarkable demonstration of the valuable service this school is rendering to those who have lost their eye sight.

Preceding the demonstration Judge L. Allan Watt gave a brief discussion of the Proposed Draft Code of Criminal Law and Procedure which is now before the General Assembly of Illinois.

Following the completion of the program Miss Caroline McLaughlin presided over a business session of the club, during which plans were completed for the pilgrimage of the group to Old Salem State Park.

Easter Egg Hunt

The Easter egg hunt instigated by Roy Dieterle, who was assisted by others of the community, drew a large crowd of children estimated at 250 and about 400 cars to Brown's Mound 3½ miles west of this city at 2:30 yesterday afternoon. There were some 450 sacks of candy Easter eggs hidden on the side of the mound and the children were divided into several different classes of boys and girls according to their ages. They directed to commence the hunt on the sound of a gong and in a very few minutes children swarmed over the mound like so many bees around a hive. The egg hunt was a grand success and proved as enjoyable for the adults as the children who were participating.

At P. E. O. Convention

Mrs. Harry Pine, Mrs. A. C. Booz, Mrs. Claude Thomas and Miss Alice Mudd are attending the State Convention of the P. E. O.'s which is being held in Springfield Monday, Tuesday and Wednesday. Mrs. Pine is the delegate from the Winchester Chapter and Mrs. Booz the alternate.

Corrie, A. H. Chapman, Miss Louise Dawson, Miss Edith Witter, Mrs. Anna E. Haskell, Mrs. Barbara Redshaw, Miss Louise McOmber, George Falger, and Miss Alberta Mapes.

Morgan Co. Boys Leave For Two CCC Camps in Illinois

Thirty to Joliet and 23 to Mounds Following Medical Tests

Fifty-three Morgan county boys left Monday afternoon for CCC camps, after undergoing medical examination yesterday morning at the American Legion Home. Lieutenant David Wagner of the medical corps was the examining officer, and the quota was in charge of Capt. John H. Cochran of Springfield.

Twenty-three of the recruits were registered under drouth relief and were sent to Camp Mounds at Mounds, Ill., to become a part of Company No. 693. These boys left via the 2:13 p. m. Burlington train from Chapin.

Thirty boys of the regular enrollment were sent to Joliet to join Company No. 630 at Camp Branch, Morse. Both groups will go directly into the CCC service, without the conditioning course at an army barracks. There were some rejections during the medical examinations, but the places were filled from the extra boys called with the quota. One lad reported that he had a job and withdrew from the list.

The Joliet contingent departed via the Alton on the regular afternoon passenger about 3 o'clock.

PASSAVANT HOSPITAL NOTES

Maybe Gassaway Will Toss This at Huey

A cowboy of renown, it appears as if Rep. Percy L. Gassaway of Oklahoma may be ruminating over taking up bullfighting as a serious occupation. But it's a capital joke that the southwestern member keeps the bull on hand to weight down a copy of "Every Man a King," literary masterpiece of Huey Long, with whom Gassaway has a feud, ridiculing the Kingfish's share the

ROY BERRY OF EXETER DIES HERE MONDAY

Well Known Scott County Merchant Is Victim Of Automobile Accident

Roy Berry, 47, well known Exeter merchant, died at Our Saviour's hospital at 7 o'clock Monday night from injuries received in an automobile accident north of Winchester last week.

Mr. Berry was injured when his truck collided with an automobile at the Elmhurst corner on Route 36, west of Riggsport. Mrs. Mary Clark and Mrs. Carl Powell, who were riding with Mr. Berry were slightly injured. He was born in Springfield, Ill., the son of Edward and Mary Reilly Berry, both deceased. He has been engaged in business in Exeter for many years and was active in the civic and political life of Scott county.

Mr. Berry is survived by his widow, two daughters, Margaret and Patricia, and two sons, Billy and Bobby; one brother, George Berry of Exeter; two sisters, Mrs. Lloyd Yeck Quincy and Mrs. Ike Morris, of Exeter.

He was a member of the Bluffs Catholic church.

The remains were taken to the St. Anthony Home in Winchester and will be removed to the family residence in Exeter this afternoon.

Funeral arrangements have not been completed.

Coroner E. O. Sample impounded a jury at the hospital last night and adjourned the inquest until 7:30 o'clock tonight at the Sample's residence. Several witnesses have been subpoenaed to appear before the jury.

G. ROY SCOTT DIES IN QUINCY

Former Well Known Jacksonville Resident Is Victim Of Accident

Injuries suffered on April 15 Monday resulted in the death of G. Roy Scott, 51 years old, manager of the Hotel Quincy. Mr. Scott was a well known Jacksonville citizen.

One week ago yesterday he accidentally fell into an elevator shaft at the Quincy hotel, plunging 30 feet to the bottom of the shaft he sustained severe internal injuries and several fractures. He was rushed to the Quincy hospital where his condition was determined as critical.

According to word received here Monday afternoon, funeral services will be held in Quincy at 11 o'clock Wednesday morning. The remains will then be brought to this city where burial services will take place in Jacksonville cemetery at 2:30 o'clock.

Mr. Scott was a son of Mr. and Mrs. George H. Scott, formerly of this city, now of Effingham, where his father is manager of the Benwood Hotel. He received his education in the public schools and Whipple Academy.

For several years Mr. Scott was connected with the Standard Oil Co., later with the Coking Oil Co. of this city. He also was in business for himself as distributor of Frigidaire appliances. He was connected with the New Pacific hotel here when his father was its manager.

On leaving this city he became an employee of the Jefferson hotel in St. Louis. Later he was manager of LeClare hotel at Moline, and the Benwood hotel at Effingham, before going to Quincy where he took charge of the Hotel Quincy.

Mr. Scott was a man of engaging personality, and was well and favorably known by a large number of traveling salesmen. While in Jacksonville he was a member of the Rotary club.

Surviving are his wife, Mrs. Nellie Wilson Scott; two daughters, Miss Dorothy Jane Scott, a freshman at MacMurray College; Miss Catherine Scott, a freshman at Quincy College; his parents, Mr. and Mrs. George H. Scott, of Effingham, and other relatives.

Mrs. John Rose, of West College avenue, a friend of the family, received word of Mr. Scott's death.

MISS CRUM ASKED TO SPEAK AT MEET

Miss Annabel Crum, director of the department of Secretarial Science at MacMurray College, was recently asked to speak at the 38th Annual Convention of the Eastern Commercial Teachers' Association, which is being held in Philadelphia, April 13-20.

Unfortunately, Miss Crum is unable to attend the convention. Her subject would have been "The Presentation of Typewriting to Beginning Students," a subject vitally connected with the theme of the convention, "Problems of the Business Teacher."

Other speakers on the program are Dr. Edwin C. Broome, Superintendent of Schools, Philadelphia, who has the address of welcome, Dr. George F. Zook, Director of the American Council on Education, who speaks on "Present-day Vital Classroom Problems of the High School Teacher." At the General Session, Clinton A. Reed, Supervisor of Commercial Education, New York State Department of Education, will deliver the keynote address of the convention. Following Mr. Reed's talk Professor F. G. Nichols of Harvard University will read a paper on "The Psychology of the Commercial Teacher."

Mr. and Mrs. Harry J. Pierson, 643 North Sandy street are the parents of a son, Eugene Frederick, born Sunday morning.

L. L. Abbott of Kane spent Monday with his parents, Mr. and Mrs. A. W. Abbott, 604 South Main St., Knoxville.

LARGE CROWD AT RECITAL HERE MONDAY

"On Wings Of Song" Is Given By Cast Of Seventy At High School

A capacity audience enthusiastically received the second annual costume recital "On Wings of Song" given by the music students of Brown's Business College, directed by Mrs. D. L. Hardin, on Monday evening at the High school auditorium, with a cast of seventy.

The concert, which was elaborate in its costumes and stage setting, was one of the most unique and beautiful seen in Jacksonville, showing unusual artistic talent of the director, Mrs. Hardin.

The music in its selections carried the audience from one lovely scene to another with perfect arrangement which was a delightful feature. The stage setting in each group and the costumes and specialty numbers added to the attractiveness of a concert which was most outstanding.

Solos and group numbers were given in a "Winter Carnival," Gypsies, Indians and Patriotic groups. The radio number received marked applause and also the Indian scenes with the songs of that country. "The Good Ship Lollypop" with its solos and the Mother Goose songs were fascinating.

In the last half of the program the songs with the balcony setting included the Toreador Song, The Holy Hour, Ave Maria, A Japanese Maiden and others which were given continued applause.

The entire program was charmingly carried out as follows:

On Wings of Song—Mendelssohn Margaret Ellington, Winona Cocking. HOLD FINAL RITES FOR MRS. MASON

Services in memory of Mrs. Thomas Mason, Sr., were conducted Wednesday April 17, at Youngblood church in charge of Rev. Henry Spencer, assisted by Rev. Leo Crossman.

"Nearer My God to Thee," "Rock of Ages," and "God Will Take Care of You" were sung by Mrs. Herbert Jackson, Mrs. Hazel Spencer, Laurence Seymour and Rev. Wm. Edwards.

The casket bearers were: Olin Steele, Howard Steele, James Mason, W. T. Mason, Moore Herford and Leonard Shelton.

The flowers were cared for by Mrs. Letta Herford, Mrs. Veda Shelton, Mrs. Mary Mason, Mrs. Della Mason, Miss Opal Herford and Miss Helen Vedder. Interment was in Youngblood cemetery.

Luella Steele, daughter of John F. and Martha E. Steele, was born on October 20, 1865, and departed this life April 15, 1935, at the residence east of Murrayville.

On April 25, 1865, she was united in marriage to Thomas Mason. To this union five children were born, Edna, Ida, Harry, Russell and Bernard, all of whom survive, also two stepsons, Charles and Edward Mason.

When a young woman she accepted and married Christ as her Saviour and united with the Grace M. E. church, Jacksonville.

Mrs. Myrtle Grady, Mrs. Carrie Steinmetz and Mrs. Emma Taylor motored to Lincoln this morning to attend an Eastern Star meeting there.

A birthday dinner was enjoyed Sunday at the home of Taylor Asher. The occasion was his birthday anniversary. Those present were Mr. and Mrs. E. A. FINAL CHECKER TOURNEY ROUND NEXT TUESDAY

Champion Player Of Four Counties To Be Selected

The final round of the Four-County Checker tournament which is being held to pick the champion player of Morgan, Scott, Green and Cass counties will be held in this city on Tuesday night, April 30, according to announcement made by the committee in charge of the tournament.

Because of a misunderstanding in dates, some of the players showed up at the City Hall last night to find that the date had been changed. Several of the players had not been notified of the change. The tournament was originally scheduled for tonight, but when several of the players found they could not be present tonight, the date was changed to April 30.

The players who came in last night were not to be deprived of a game of checkers and immediately boards were provided and they engaged in a practice session.

P. G. Stein and Louis Bigs, are the Jacksonville representatives in the tourney, while Raymond Whitlock and Rolly Cooper are representing Scott county. Green county is being represented by the veteran player, A. D. Rollins of Greenfield and K. C. Black of White Hall. Rollins a favorite with the checker fans, will probably have a large crowd watching him play, when he meets several opponents in the final round.

Sam Montgomery and J. T. Shelton, are representing Cass county in the tourney. Montgomery was forced into the tournament as a substitute and the time to prepare for the matches. However, he has been putting in some time brushing up on his game and will probably be heard from before the tournament ends a week from tonight. Shelton is also a star player and if he hits his stride will probably make it interesting for his opponents.

Woodson, April 22—The Golden Rule Bible class of the Christian church will be entertained Wednesday, April 24 at the home of Mrs. George Harney of Jacksonville. During the afternoon, business period and program will be held. Mrs. Charles Harney will be the leader of the afternoon. Roll call will be answered with an exchange of flower seeds or plants.

At noon a pot-luck luncheon will be served. All members are urged to attend.
